

## STATEHOOD ACTIVITY

Statehood means renewed business activity in New Mexico and a general period of prosperity.

This leads to something else---more advertising in order to take advantage of the opportunity.

And this leads the business man another step forward---what advertising medium shall he employ?

Those enterprising business men who have used the Daily Record for their advertising in the past know that through it they have achieved the best results, and will bear this in mind in placing their future advertising.

Experience has shown them and if you are not advertising in the Daily Record, it should show you. Profit by their experience!
